Crown Edward

Nothing has been too much trouble for the craftsmen at Crown Pavilions when it comes to the design and build of the Crown Edward. Every single detail, right down to the heating, lighting and soft furnishings, has been designed with luxury and comfort in mind.

Hand-built to exacting standards the Crown Edward is a gorgeous retreat for people seeking a place to dine, relax and read or simply as a stunning setting for breakfast. Made from the finest quality grade FSC European Redwood or Canadian Western Red Cedar, this beautiful garden building has been created to be enjoyed all year round, no matter what the weather.

Robust and sturdy, and seating 8-10 in absolute comfort on ample benches around a hand-made European Redwood table, the Crown Edward is a prime example of why attention to detail is so important for Crown when it comes to creating the best garden rooms the world has to offer.

“ We cannot fault the wonderful service we have received, from sales to completion. The Gazebo is second to none.
