## Crown Elizabeth

The Crown Elizabeth is inspired by the 'rondavel' round houses of South Africa. Here you get a sumptuous combination of the exotic and the traditional, designed to complement a wide range of garden styles. The Elizabeth is perfect for entertaining 6 to 8 people with its solid round wooden table and deep-cushioned benches. And although it has been designed to fit snugly into smaller spaces, it remains comfortably spacious within.

One of the many unique features of a Crown Pavilion, and one that is a sign of quality and authenticity, is the substantial, robust timber which gives our garden buildings a strength, stability and resilience you simply won't find anywhere else.

Marine grade acrylic canvas blinds come with zips as standard – and our benches and cushions have all been made for superior comfort and ease of use. Even the smallest detail is an important detail when it comes to creating the very best garden rooms the world has to offer.

“ Thrilled! This will change the way we use our garden.  
Outstanding.
