Crown Orangery

Built from the finest quality PEFC and FSC Cedar or European Redwood, the inspiration for the Crown Orangery comes from the quintessentially British botanical orangeries of the eighteenth and nineteenth centuries. This handsome garden building is specifically designed for relaxing and features a restful sofa area with coffee table – the ideal place to take a nap by the pool or relax over a book.

As you would expect from a garden building of world-class calibre, the Crown Orangery features a robust custom-made rectangular table with a 6mm toughened glass top for easy maintenance together with six exceptionally comfortable armchairs.

Everything about this glorious building exudes quality and authenticity. The Crown Orangery measures a generous 5m x 4m and features marine grade acrylic canvas blinds with zips as standard plus bespoke cushions, offering a spacious outdoor living experience and alfresco dining in the most glorious surroundings.

“ Just to say - we love our new eating space. So pleased with the quality. So pleased with the way the workmen carried out the assembly. Very friendly, very professional. Thank you for we are sure will be many years of enjoying it.
